

# COLLEGE INFORMATION SITES

The following links provide a number of college resources for students, parents and counselors. The Internet is a great tool for finding information, but we do have a few words of caution:

1. We have researched the links which we provide here for you, but cannot guarantee that all the links that are accessible are totally reliable and reputable. This is particularly true the farther you search outside our pages. Please use common sense. The old adage applies: If it looks like it's too good to be true..... It probably is..
2. Please contact your [school counselor](#) for further information. Counselors can provide services and information which can be personalized to meet your needs. Most times, seeing a counselor will get your questions answered quickly.

## College Entrance Testing Sites

[American College Testing \(ACT\)](#)-Provides valuable continuing education information. Student can register online for the ACT Assessment.

[The College Board Online \(SAT\)](#)-A college planning resource, student can register for SAT online.

[Preliminary Scholastic Aptitude Test \(PSAT\)](#)-The PSAT is recommended for college-bound juniors and sophomores. This site will provide specific information on the PSAT program.
