

162.01 WEB PUBLICATION POLICY

- 162.01.1 The Oregon School District’s public web site provides the public with information about the District and serves as a means to communicate with its stakeholders. Publications must portray the District in a positive and constructive way.
- 162.01.2 The District’s secure web site provides students, staff, and board members with information that is not for public release.
- 162.01 .3 Pictures of students may only be used on public web pages if the student’s guardian(s) have filed a “photo and/or videotape release” form. This form will be kept on file. The District shall verify that students who have more than one-half of the facial area displayed have a parental release form on file.
- 162.01.4 Web pages will not provide any detailed information about students such as addresses, home phone numbers, email addresses or any other personal information.
