WELCOME

The Oregon School District is proud to offer the 2021 Summer Semester Program. The summer is an opportunity for students to engage in learning areas of interest and enjoyment. Our specific goals are to:

- Promote a love of learning;
- Support continuous academic growth;
- Maintain connections with students and families during the summer.

In addition, our Summer Semester Program offers students in grades 9-12 the opportunity to attain unit and credit recovery, as well as academic advancement and enrichment opportunities.

Our program this summer will offer both in-person and online courses for students; families are invited to select the course format that best suits their personal comfort levels. Health and safety protocols will be in place for all of our in-person classes.

We look forward to seeing you this summer!

Brad Ashmore and Jason Zurawik
Summer School Principals

SUMMER SCHOOL STAFF

Brad Ashmore – Summer School Administrator PK-4th, bsashmore@OregonSD.org, 608-835-4302
Jason Zurawik – Summer School Administrator 5th-8th, jtzurawik@OregonSD.org, 608-835-4802
David Piovanetti - Summer School Administrator OHS, dapiovanetti@OregonSD.org, 608-835-4323
Kim Griffin - Summer School Administrator Special Education, kjgriffin@OregonSD.org, 608-835-4303
Steven Blue - Summer School Administrator Special Education, sdblue@OregonSD.org, 608-835-4702
Deb Bossingham – Aquatics Director, dab@OregonSD.org, 608-835-4086
Nancy Bogucki – Summer School Coordinator, nmb@OregonSD.org, 608-835-4040

ONLINE REGISTRATION INFORMATION

The web address for registration is www.OregonSD.org/summer
Summer School enrollment will begin on Thursday, April 15th at 6:00pm
You will need each child's Infinite Campus school ID number
If you do not have a number for your child, please email Nancy at nmb@OregonSD.org

SCHOOL STATEMENT

Per state and federal law, the Oregon School District does not discriminate against pupils on the basis of sex, race, color, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability or handicap in its education programs or activities.

SUMMER SCHOOL INFORMATION

Arrival Time

Children should not arrive at school before 7:45 am for classes.

Attendance and Absence

Parents must notify the school when a child will be absent. Please call the Summer School Attendance Line at: 608-835-4392 to report your child's absence.

Band and Orchestra

Please register for Band or Orchestra Lessons via the online summer school registration process. The music staff will contact registered families to schedule days and times of lessons.

Cancelled Classes

Some classes may not generate enough interest to warrant holding them. Final determination of class offerings will be based on student enrollment. We will notify you as soon as we learn that a class will be dropped.

Chromebook/MiFi/Material Curbside Pick-up

Students who would like to enroll in virtual summer school and are in need of an OSD device may pick them up at the curbside pickup dates listed below. If you enrolled in a virtual course that requires materials for pickup, you may also pick them up at the times below.

COVID-19 Health & Safety Protocols

Health and safety is our top priority and we have strong procedures in our schools that align with public health guidance. Examples include maintaining physical distance wherever possible, wearing face coverings, hand washing protocols and enhanced cleaning procedures.

Please note that although students will have assigned seats and classrooms will be set up to maximize physical distance as much as possible, six feet of physical distance cannot be guaranteed. If a student tests positive COVID-19, those who sit within six feet of that student will be considered close contacts and required to quarantine.

See [Board Policy 566](#) for more details.

Curbside Material Pick Up

Materials for online courses will be available for curbside pickup at Oregon High School (456 North Perry Parkway) on the following dates:

- Monday, June 28: 4 - 6pm
- Wednesday, June 30: 4 - 6pm

Eligibility for OSD Summer Registration

Anyone living in the Oregon School District or anyone who has attended schools in the OSD through Open Enrollment may enroll in the Summer Activities programs.

Emergency Closing

In case of an emergency closing all families who have students enrolled in Summer School will be notified via email.

Financial Assistance

If your family is in need of financial assistance, please email Nancy at nmb@OregonSD.org.

Food

Information about breakfast and lunch during summer school will be available in mid-April.

Grade Level

Please use your child's grade level for the 2020-2021 school year to determine summer school courses.

Health Concerns

Please identify any health concerns when you create a summer school account. This information will be given to the office staff and to the appropriate summer school teachers prior to the start of summer school. Parents will be called immediately in the event of an illness or an accident.

Library

Information about the OHS Library schedule during summer school will be available in mid-April.

Online Live Classes (Synchronous)

These classes will have a teacher facilitating a small group session in real time. Students will be provided with an invitation to a GoogleMeet and will join their teacher and classmates at the time of the course. Teachers will send more detailed information to families about the individual course format.

Online Recorded Classes (Asynchronous)

Recorded classes will have a recorded learning experience that students can engage at whatever time works best for their schedule. Students will be asked to submit evidence of their learning via Seesaw or Google Classroom to share their learning and receive feedback from their teacher. Teachers of recorded classes will determine office hours and will share those with families who have registered. These are times when teachers will be available to talk with students about what they are learning, answer questions, or offer support.

Parking Lot Information

If you are driving your child to summer school, please park in the North parking lot and enter through Door 12. If you will walk your child into OHS, please park your vehicle and refrain from leaving it running in the drop-off line.

Payment of Summer Activities

You can make your payment online, and by check or cash. Make checks payable to OSD-Summer School. Mail to OSD-Summer School 123 E Grove St, Oregon, WI 53575 or drop it off at the pool. All payments are due by June 1st.

Refund Policy

Refunds will go into your child's lunch account. Check refunds are issued to those who request them or are without OSD accounts. To receive a full refund please cancel courses at least 3 weeks in advance. Refunds will be processed in mid-September.

ROOM ASSIGNMENTS

Each in-person course will be assigned to a room at Oregon High School. All classroom locations are subject to change. We will update the registration website regularly so be sure your check for changes before summer school starts. Maps will be posted on the front doors of Oregon High School in mid-June.

Student Login Information

All families will be receiving an email in early April with their student login information.

Registration will open on Thursday, April 15th at 6:00 PM and close on Friday, May 21st at 6:00 PM.

Swimming Lessons

During the summer, the system will allow you to register for more than one swim lesson as long as they do not conflict with other classes. If you are not sure of your child's swim level, please call the pool at 608-835-8617 for assistance. Swim lesson registrations will remain open until 1 week before the lesson starts.

Transportation

Transportation is offered for summer school at limited stops throughout the Oregon School District. If you require transportation, please register for transportation through the Summer School Registration system (times and locations will be listed on registration website as schedules are finalized).

****NOTE:** There will be no bus transportation to or from any of our summer garden classes.

IN-PERSON CLASSES

ABC ADVENTURES

ABC Adventures will help your child get ready for kindergarten by learning about the ABC's! We will explore the alphabet through books, songs and movement. Each day, we will practice identifying letters, singing songs, playing games and creating fun activities. Come and join the alphabet fun with us!

<u>Teacher</u> Janee Scinico	<u>Fee</u> \$20.00	<u>Category</u> Readiness/Orientation
<u>Dates</u> July 6– July 16	<u>Course ID/Time</u> ABC*7/6*905/9:05am – 10:05am ABC*7/6*1010/10:10am - 11:10am ABC*7/6*1115/11:15am - 12:15pm	<u>Current Grade</u> Entering 5-K Fall 2021 Entering 5-K Fall 2021 Entering 5-K Fall 2021

HANDS AT WORK

Put your "hands to work" while having fun! Join us to have fun with projects, stations and games that strengthen your finger and hand muscles. We'll experiment with lots of tools and even bring them home so we'll be ready for Kindergarten in the fall.

<u>Teacher</u> Jenn Landas	<u>Fee</u> \$20.00	<u>Category</u> Readiness/Orientation
<u>Dates</u> July 6 – July 16	<u>Course ID/Time</u> HAW*7/6*800/8:00am – 9:00am HAW*7/6*905/9:05am – 10:05am HAW*7/6*1010/10:10am – 11:10am	<u>Current Grade</u> Entering 5-K Fall 2021 Entering 5-K Fall 2021 Entering 5-K Fall 2021

CAMP KINDERGARTEN

Come join in on some good old-fashioned fun! We'll sing songs, play games, create projects, share stories and have a grand time together! You'll probably make a new friend or two just in time for Kindergarten!

<u>Teacher</u> Jenn Landas	<u>Fee</u> \$20.00	<u>Category</u> Readiness/Orientation
<u>Dates</u> July 19 – July 30	<u>Course ID/Time</u> CAMPK*7/19*800/8:00am – 9:00am CAMPK*7/19*905/9:05am – 10:05am CAMPK*7/19*1010/10:10am – 11:10am	<u>Current Grade</u> Entering 5-K Fall 2021 Entering 5-K Fall 2021 Entering 5-K Fall 2021

COUNT WITH ME 1-2-3

Count with Me, 1-2-3 will help get your child ready for kindergarten by learning all about math! We will practice counting, identify shapes, and make patterns and projects using beginning math skills. We will explore how we use math everyday and build skills to help prepare us for a fun year in kindergarten!

<u>Teacher</u>	<u>Fee</u>	<u>Category</u>
Janee' Scinico	\$20.00	Readiness/Orientation
<u>Dates</u>	<u>Course ID/Time</u>	<u>Current Grade</u>

BOOKS AND CRAFTS

If your learner enjoys arts and crafts and read-alouds, then this is the course! In this course, we will introduce and learn about a different author each day and read a book or two written by them! After reading the book, students will complete a related craft and/or writing activity. With additional time, students will have opportunities to explore other books by that author, and engage in a socially distanced cooperative game or activity. Learners will engage in activities supported by the district's reading and writing curriculum such as shared and independent reading, opinion and narrative writing, and small motor skills.

<u>Teacher</u>	<u>Fee</u>	<u>Category</u>

MATH FUN

Students have fun playing games and when games are tied to math, kids learn too! Math games make practicing math skills more engaging for students. In this class students will be learning, playing and making many different math games! Learners will get to take home all our games at the end of the session to play at home and we will have Math Bingo every Friday-with fun prizes!

CAMP INVENTION

Has your child experienced the fun of Camp Invention in the past? Have you heard about the experience and were hoping to sign up your child this summer? If you currently have a child in grades 1-5, you will be thrilled to know that Camp Invention is back for the summer of 2021! This is a double block class and your child will complete all 4 modules in 2 weeks.

Module 1 (M1) - Open Me: Explore Open Mic City Campers step up to the mic to find their own unique voice and become creative entrepreneurs. They discover sound waves in action as they take apart and rebuild a wireless microphone and then use powerful pitch skills to promote their own extraordinary invention.

Module 2 (M2) - Duck Chuck Pond: Dive Into Duck Chuck Pond In this high-energy adventure, kids build and test a device to launch rubber ducks across the world. First, they collect "quack coins" to buy materials for their devices. Then they launch their ducks to visit famous landmarks, testing fascinating concepts like trajectory and velocity.

Module 3 (M3) - SolarBot: Hike Through SolarBot Park As kids make and adopt their very own robotic crickets, they jump into experimenting with circuits and energy. Practicing empathy as they think about the lives of real insects, they create custom habitats - including a fun-filled cricket playground for their solar-powered bots.

Module 4 (M4) - Road Rally: Road Trip to Road Rally Racetrack Campers learn how to adapt as they design morphing vehicles that can travel across land, adding prototype elements for moving through air and water. With inspiration from cool creatures including a "plantimal", they modify their vehicles to submerge, soar or sprint in the Super Road Rally.

DIAMOND PAINTING

Join the latest crafting craze--diamond painting! Diamond painting is a combination of cross-stitch and paint-by-numbers. You use an applicator to apply hundreds of sparkling resin rhinestones, one-by-one, on an adhesive color-coded canvas painting. The end result is a vivid, shimmering work of art. Each piece can be framed and hung in your home, gifted to a loved one, or kept for yourself to enjoy.

ART IN NATURE

If you love art and nature, this class is for you! This double block class will bring art and nature together. At the beginning of each class, we will begin by walking to either NKE's outdoor classroom/arboretum, or JC Park. During the two hour class, Mrs. Eiche will teach an art project or a planting/gardening project. Students will receive a sketch pad, art materials, and will work through various media combined with nature and are encouraged to discover, explore, and get creative!

WRESTLING AND NINJA FUNDAMENTALS

Wrestling and Ninja FUNdamentals is designed to give young athletes basic combative skills, core athleticism and wrestler fitness all while having huge amounts of fun. This course also focuses on the essential techniques and skills athletes need to become successful in different wrestling and combative styles. We will review the essentials of wrestling from take-downs, escapes and reversals to advanced pinning combinations. Students will gain knowledge of various wrestling techniques and moves and apply their knowledge through drilling and live wrestling matches, and combative games. From beginner to state qualifier, any skill level is welcome to attend! Each wrestler in attendance will receive a Panther Wrestling T-Shirt on the last day of class.

MUSIC WRITING AND COMPOSITION

Music Writing and Composition will focus on developing individual students' ability to think outside the box and create their own music, either for an instrument they play or for an electronic ensemble. Students enrolling in this course will have the opportunity to explore many different tools and genres of musical creativity, including electronic and classical music, or even songwriting for those interested. All students that are interested in writing music in fourth through seventh grade are welcome. No music writing or composition experience needed! Whether you are interested in writing music for video games, for your own instrument or voice, or for something else, this will be a great place to begin (or continue) writing music!

GET ON TRACK

Do you love to run, jump, work hard and have fun? If so, Track & Field may be the perfect sport for you! This class will introduce and refine the techniques of the running, jumping and throwing events of Track & Field. With daily practice at the OHS track, students will experience authentic exposure to Track & Field training and competition. Instruction will be provided in most events (excluding triple jump and pole vault), as well as in proper stretching, calisthenics, relay handoffs, and block starts. NOTES: Water bottles and appropriate running shoes are required for participation. Don't forget to give us your shirt size when you register!

RUNNING CLINIC

Do you like to run? Do you enjoy facing challenges head on?...and then conquering them! Have you ever run 1 mile, 2 miles or more?! This class will introduce participants to the joy of distance running – both physically and mentally. You will learn how to prepare your body (physical training and nutrition) and mind for cross country/distance running – and have FUN doing it!

Activities include the infamous marker game, capture the baton!, the water balloon relay, Ultimate Frisbee, our signature T-shirt relay, a scavenger hunt, a sponge relay and Find in a Snap!

A 1 mile Cross Country race with participation medals held on the Thursday of the second week of class (parents & family are invited!) Water and Gatorade will also be provided to runners throughout the course.

**Don't forget to give us your shirt size for your team t-shirt in either youth or adult sizes! Shirts will be a performance t-shirt (shirts typically run a size larger than normal)

ORCHESTRA SMALL GROUP LEARNING

Orchestra Small Group Learning will focus on developing individual students' technical and theoretical understanding of playing a string instrument (violin, viola, cello, and string bass). Students enrolling in this course will be grouped by individualized learning needs and will have the opportunity to learn music from various genres in thirty minute small groups. All students who have studied string instruments in fourth through eleventh grade are welcome. Students who would like to switch to a different string instrument or begin learning a string instrument are also encouraged to enroll. An orchestra teacher will contact you after enrollment is complete to ask for your availability and to schedule your small group learning dates and times. This course is offered in-person or virtual if needed.

**NOTE: You must enter the instrument you will be playing at registration.

BAND LESSONS - BEGINNING

This course is designed for students in grades 5-11 who have NEVER played a band instrument before, but have decided to join the Oregon Bands for the first time in the Fall of 2021. These lessons will focus on the foundation of instrument assembly, maintenance, first sounds all the way to the basic notes and rhythms needed to participate in band in the fall. Students will be individually scheduled for one, 30 minute small group (with like instruments) once a week. Small groups will be in person with the option for virtual if needed. Once registered, music teachers will email individual families to find out schedule preferences.

****NOTE:** You must enter the instrument you will be playing at registration.

<u>Teacher</u> Abi Kading	<u>Fee</u> \$15.00	<u>Category</u> Music

BAND LESSONS - CONTINUING

This course is designed for students who have previous experience on their instrument. These lessons will focus on digging deeper into individual and instrument needs to help grow as a musician in four short weeks. Students will be individually scheduled for one, 30 minute small group (with like instruments) once a week. Small groups will be in person with the option for virtual if needed. Once registered, music teachers will email individual families to find out schedule preferences.

****NOTE:** You must enter the instrument you will be playing at registration.

OMS ECO GARDEN

Come and learn all about gardening from planting seeds to transplanting starts to harvesting and finally to marketing in our outdoor gardens at Oregon Middle School. Students will learn about the benefits of composting, experience growing produce, when to harvest and how to sell it. They will learn how to identify vegetable plants and weeds and learn the importance of plant care. They will be able to experience what fresh produce tastes like while preparing and cooking what is available in the garden. While students are growing vegetables, they will participate in mini lessons on human impact on the environment, sustainable living and learn the value of gardening. They will learn about advertising by creating signs to hang up around their stand at the Oregon Middle School, as well as preparing vegetables for display and sales. This class is designed for the hard worker who doesn't mind getting dirty and sweating while pulling weeds, digging in the soil and picking vegetables in the hot sun all while enjoying the outdoors with their peers. Please wear closed toed shoes and bring sunscreen.

****NOTE:** There will be no bus transportation to or from any of our summer garden classes.

ONLINE LIVE SYNCHRONOUS CLASSES

These classes will have a teacher facilitating a small group session in real time. Students will be provided with an invitation to a GoogleMeet and will join their teacher and classmates at the time of the course. Teachers will send more detailed information to families about the individual course format.

CONTINUED GUIDED READING

This class is for students looking to maintain their reading skills and strategies over the summer. We will post daily optional leveled books to read to reinforce reading skills and strategies. Learners will also have access to an online leveled book library. In addition, students can set up optional GoogleMeets to read with the teacher. The teacher will guide students through leveled books which will be virtually presented, while reinforcing reading strategies. Students will be grouped based on similar reading levels and a convenient time for the family. Depending on the needs of the students, we will be reading short, engaging, leveled texts, as well as reinforcing reading comprehension, word work, fluency and phonics.

Group sizes will vary to best meet the student's learning needs. First grade and second grade students will meet in groups of one or two students with the teacher and third and fourth grade students will meet in groups of one to three students.

ORCHESTRA SMALL GROUP LEARNING

Orchestra Small Group Learning will focus on developing individual students' technical and theoretical understanding of playing a string instrument (violin, viola, cello, and string bass). Students enrolling in this course will be grouped by individualized learning needs and will have the opportunity to learn music from various genres in thirty minute small groups. All students who have studied string instruments in fourth through eleventh grade are welcome. Students who would like to switch to a different string instrument or begin learning a string instrument are also encouraged to enroll. An orchestra teacher will contact you after enrollment is complete to ask for your availability and to schedule your small group learning dates and times. This course is offered in-person or virtual if needed.

****NOTE:** You must enter the instrument you will be playing at registration.

This class requires a curbside pick-up for course materials. Pick-up is scheduled for Monday, June 28th from 4-6pm and Wednesday, June 30th from 4-6pm at OHS. Directions will follow with the drive-up location.

ONLINE RECORDED ASYNCHRONOUS CLASSES

Recorded classes will have a recorded learning experience that students can engage at whatever time works best for their schedule. Students will be asked to submit evidence of their learning via Seesaw or Google Classroom to share their learning and receive feedback from their teacher. Teachers of recorded classes will determine office hours and will share those with families who have registered. These office hours are not mandatory, but are times when teachers will be available to talk with students about what they are learning, answer questions, or offer support.

PAGIN' PANTHERS READ-ALLOUD CLUB

Do you love escaping into a great story? Page through some of the best read alouds with Ms. Scharbarth completely at your own pace. Students will not only enjoy a diverse selection of books, but work on demonstrating their understanding of the story by retelling, asking and answering questions, comparing and contrasting, and much more. All read alouds will be pre-recorded and activities posted in advance on Seesaw so that you can take your time or jump ahead.

You will be able to access this class at any time between the hours of 12:00am - 11:59pm. This teacher will determine the office hours and share those with registered families.

READING ARTISTS

In this asynchronous course, students will enjoy creating art projects after listening to recordings of some of their favorite books! Students will take part in a number of art projects that use a variety of artistic styles and methods including: painting, jewelry making, sculpting, drawing, and MUCH MUCH MORE!!! We will use different literature to inspire our daily projects. Each individual will receive supplies to complete each "Project of the Day", while also having the freedom to pull from their own creativity as they design their own works of art with some miscellaneous art supplies included as well!

You will be able to access this class at any time between the hours of 12:00am - 11:59pm. This teacher will determine the office hours and share those with registered families.

MY VIRTUAL READING COACH

My Virtual Reading Coach is an online program that teaches students to become proficient in phonics skills and phonological awareness if needed. My Virtual Reading Coach uses virtual coaches to guide students through lessons and activities that are based on sound learning principles and are intended to motivate students to succeed. When a student demonstrates accurate decoding skills, grammar for meaning instruction and fluency training to improve silent reading rate are added. Each student works toward 100% mastery at his or her own pace. This program is for students who lack a foundation or have gaps in basic skills like phonics, phonetic rules, and phonemic awareness.

You will be able to access this class at any time between the hours of 12:00am - 11:59pm. This teacher will determine the office hours and share those with registered families.

VENTURE: ENTREPRENEURIAL EXPEDITION

Venture guides students through their own personal journey of becoming an entrepreneur. Tasked with starting their own food truck business, students must create a balanced personal budget, make informed business decisions about their product, pricing, hiring, marketing and even perfect their business pitch for a potential investor.

You will be able to access this class at any time between the hours of 12:00am - 11:59pm. This teacher will determine the office hours and share those with registered families.

BABYSITTING 101: HAVING FUN WITH LITTLE ONES

It is time to brush up on your babysitting skills and have your toolbox full of fun activities to do with little ones! In this two week asynchronous class, you will learn all about babysitting responsibilities, how to handle emergencies, how to be prepared, easy prep food/snacks and how to have lots of fun! There are so many simple activities you can do to keep young minds engaged and they will be begging for you to come back. Take this course to fill your toolbox and be fully prepared for your next babysitting adventure!

You will be able to access this class at any time between the hours of 12:00am - 11:59pm. This teacher will determine the office hours and share those with registered families.

This class requires a curbside pick-up for course materials. Pick-up is scheduled for Monday, June 28th from 4-6pm and Wednesday, June 30th from 4-6pm at OHS. Directions will follow with the drive-up location.

ASSISTANT CHILDCARE TEACHER

Do you have a career interest in working with young children in fields such as teaching, social work, nursing/medicine, recreation, counseling, childcare, or exceptional needs, among others? Upon successfully completing this course, students will receive a certificate of completion from the Department of Public Instruction. Students may be employed as an assistant childcare teacher in a licensed childcare setting. Use your skills and knowledge to earn income after graduation and while you prepare for a career in child services. This course meets requirements for initial employment as set forth by the Department of Social Services.

This course will be run "on-line" with an in person meet once a week. This course is offered for students who plan on working at a center (fall 2021) and enrolled in the school to career program.

You will be able to access this class at any time between the hours of 12:00am - 11:59pm. This teacher will determine the office hours and share those with registered families.

JUMP START CLASSES (OHS, OMS, RCI)

OHS JUMP START

Jump Start is a summer school course designed to help orient the freshman student to Oregon High School. Course curriculum is based on the text Seven Habits of Highly Effective Teens by Sean Covey and the 40 Developmental Assets endorsed by Search Institute. Jump Start also incorporates OHS policies and procedures into activities.

Students are introduced to many staff members including guidance counselors, administration, office staff and several classroom teachers. Upperclassmen discuss what OHS is really like, the importance of homework and getting involved in extra-curricular activities. Students can also earn service hours, which will help them to meet the 40-hour graduation requirement.

<u>Teacher</u>	<u>Fee</u>	<u>Category</u>
OHS Staff	\$8.00

OMS JUMP START

Middle School Jumpstart is a summer school experience for incoming seventh grade students. For 2 days students will be introduced to OMS staff members and learn about the rigors and expectations of OMS classes. Students will learn how to organize themselves, balance the rigor of middle school, study for tests, use school technology, access academic support, and how to navigate OMS. Students will participate in team building activities, interactive group work, and an interactive school tour. The OMS staff looks forward to meeting our new students!

RCI JUMP START

RCI Jump Start is a summer school class for incoming fifth grade students. Students are introduced to RCI staff members and learn about the rigors and expectations of RCI classes. Students will participate in team building activities, interactive group work and a school tour. Students will learn how to organize a locker, organize materials for class, study for a test, use school technology and access academic support. All RCI Jump Start students will also have the opportunity to meet new friends from other elementary schools. The RCI staff looks forward to meeting our new students.
