
EXECUTIVE SUMMARY REPORT

OSD – Forest Edge Elementary School

June 5th, 2020

What's New?

Forest Edge Elementary continues to make strides to completion each day! Flooring, carpet and cabinets are making great progress from the first floor classrooms through the administration area. Kitchen equipment has started to arrive and be connected. The maple gym floor was been laid and sanding has started. The Art and STEAM room polished concrete is a lovely addition to the creative spaces. The second floor is starting to be punch listed and final details like writable wall surfaces are being installed. These final touches will lead up to move in very soon.

Courtyard landscaping has continued progress, creating beautiful outdoor spaces for future students. The asphalt for the parking lot is being set, and sidewalk is being poured around the building. Soon the outdoor recess areas will be installed and ready for the kids to get outside and play!

The Past Weeks

- Courtyard playground and landscaping
- Punch list all 2nd floor
- Carpeting and casework 1st floor south
- Acoustic panels installed in music rooms

Coming Up in the Weeks Ahead

- Courtyard landscaping
- Entrance vestibule glass installation
- Flooring in administrative offices
- Concrete and asphalt placement

Kitchen equipment being installed

Writable Wallpaper in 2nd Floor Corridor

Did you know? The 2nd floor of Forrest Edge Elementary has been going through punch listing the past couple weeks. Punch list is when every square inch of the area is reviewed, and small imperfections are noted and corrected ensuring we're ready for move in!

Polished Concrete in Art and STEAM Rooms

New Concrete Sidewalk on North Side of school
