OREGON SCHOOL DISTRICT

123 E. Grove Street | Oregon, WI 53575

NOVEMBER 6 REFERENDUM

» 1

Referendum Question 1 | New K-6th Grade Elementary School | \$44.9M

- The construction of a new school will address overcrowding in grades K-6
- The new school will be built in the northern part of our district (Fitchburg), which is experiencing the most significant growth

» 2

Referendum Question 2 | Operating & Maintenance Expenses | \$2.1M annually

- Operating expenses for the new K-6 Elementary School
- Maintenance expenses to extend the expiring operating referendum (previously approved in 2000 and 2008)

DID YOU KNOW?

- The Oregon School District extends past Brooklyn to the south and almost to Hwy 12/18 (beltline) to the north
- There are currently over 700 students in our District who live north of the Hwy 14/MM interchange
- All who live within District boundaries (shaded area) pay taxes to the Oregon School District

WHY A SCHOOL IN FITCHBURG?

The Oregon School District is projected to grow by 2,000 resident students in the next 10-12 years. **Within two years, our schools that house Kindergarten-6th grade will be overcrowded.** The northern part of the District (Fitchburg) is an **area of significant enrollment growth**. Building here places a school close to children, reduces time and costs on busing, and creates more learning space for all Kindergarten-6th grade children in our District.
